Pool Update:

The pool will reopen June 1st, 2021. We apologize for this inconvenience and know that many of our members use our pool. The pool is being remodeled and cleaned at this time. We know the timing is not good, but we are at the mercy of the contractors and availability of workers. We are also replacing our dehumidifier which controls the water temperature and heat/humidity in the pool area. Everything has been ordered and contractors booked. The Y is investing more than \$800,000 in this remodel and equipment replacement. COVID has been incredibly tough on the YMCA with timing, finances, and services. We are asking for our members to please be understanding. Please know that we are doing all that we can to get back to serving our community as soon as possible.

Please email membership@grantspassymca.net if you have any questions or call at 541-474-0001.
