AQUA STAND UP!

The Y is offering a new program AQUA STAND UP

This exciting and fun small group training program great for all ages and all abilities! This program is inspired by paddle boarding mixed with different fitness techniques like Pilates, Yoga muscular conditioning and H.I.I.T. (High Intensity Interval Training). It is one of the best balance workouts choreographed to music inspired by Stand Up Paddle Boarding. The board is very stable so you don't need to be an expert to stand up on it. Come and check it out!
