

Press Release - 3/18/2021

Exciting news for the Grants Pass Family YMCA

We are excited to announce the Ford Family Foundation will support the Grants Pass Family YMCA with a \$25,000 donation.

Message from the YMCA CEO Matt Lund -

The YMCA has been instrumental in serving our community for many years. This year has been difficult for numerous reasons, we understand that we must be here for our youth, families, and seniors. With this donation it will help with some of the \$800,000 that will be invested in the remodel of our pool area. At the YMCA we truly believe that we can transform lives and build stronger communities for future generations by creating sustainable partnerships and collaborations with Foundations and organizations like the Ford Family Foundation.

Thank you for your support!"

The pool is expected to open on June 1st, 2021. If you would like to make a donation in support of the remodel of our pool please go to our website or come to the YMCA branch where you can make a personal donation that is tax deductible. The YMCA is a non-profit 501c3 organization.

Checks payable to: Grants Pass Family YMCA
