

# AIMING HIGHER GETTING STRONGER TOGETHER

## Beginning and Advanced Archery!

Archery is one of the few sports where athletes of all ages, levels and abilities can compete together. Archery is also a great individual sport where one can set personal goals and challenges and achieve them. Archers will all be using the Genesis Compound Bows.

**\*BEGINNING ARCHERY** will learn all the basic archery techniques. This class will also focus on character development such as communication, values, teaching discipline, patience, persistence and problem solving skills.

**\*ADVANCED ARCHERY** will take a beginner past the basic mechanics of shooting and begin to develop the specific skills needed to become a more skilled archer. This class may be repeated as many times as you wish because the Instructors will work with you at your individual ability. Instructors have 30+ years of experience.

Archery is a great family activity. Come on in and check it out!
